An individual with a passion to work in an organization that would provide me with a challenging and performance driven environment. I would strive for excellence through the continuous process of learning and contribute towards the growth of the organization

EXPERIENCE

o9Solutions, Bangalore — Senior *Software Engineer I*

JULY 2019 - PRESENT

Being a Software Developer in the R & D team, I am responsible for developing and debugging features of the product. Some my work at o9Solutions include TLS1.2 integration(client and server side) for services i.e. Redis,R-serve,Thrift and Hbase. File upload feature modernization, default landing workspace, online meetings UI and middleware(Web Api), KPI and recent one being UI facelifting of the App including multiple fonts support. I have successfully led the Dark mode implementation and am currently working and leading the NLP search feature.

Publicis Sapient, Bangalore — *Associate L2(Front End)*

OCTOBER 2016 - JUNE 2019

My role at SapientRazorfish includes developing and maintaining websites for different clients like Rogers, Nissan, LCBO etc.

EDUCATION
